

Net New Jobs

Finally some gains.  
Look for gradual improvement.

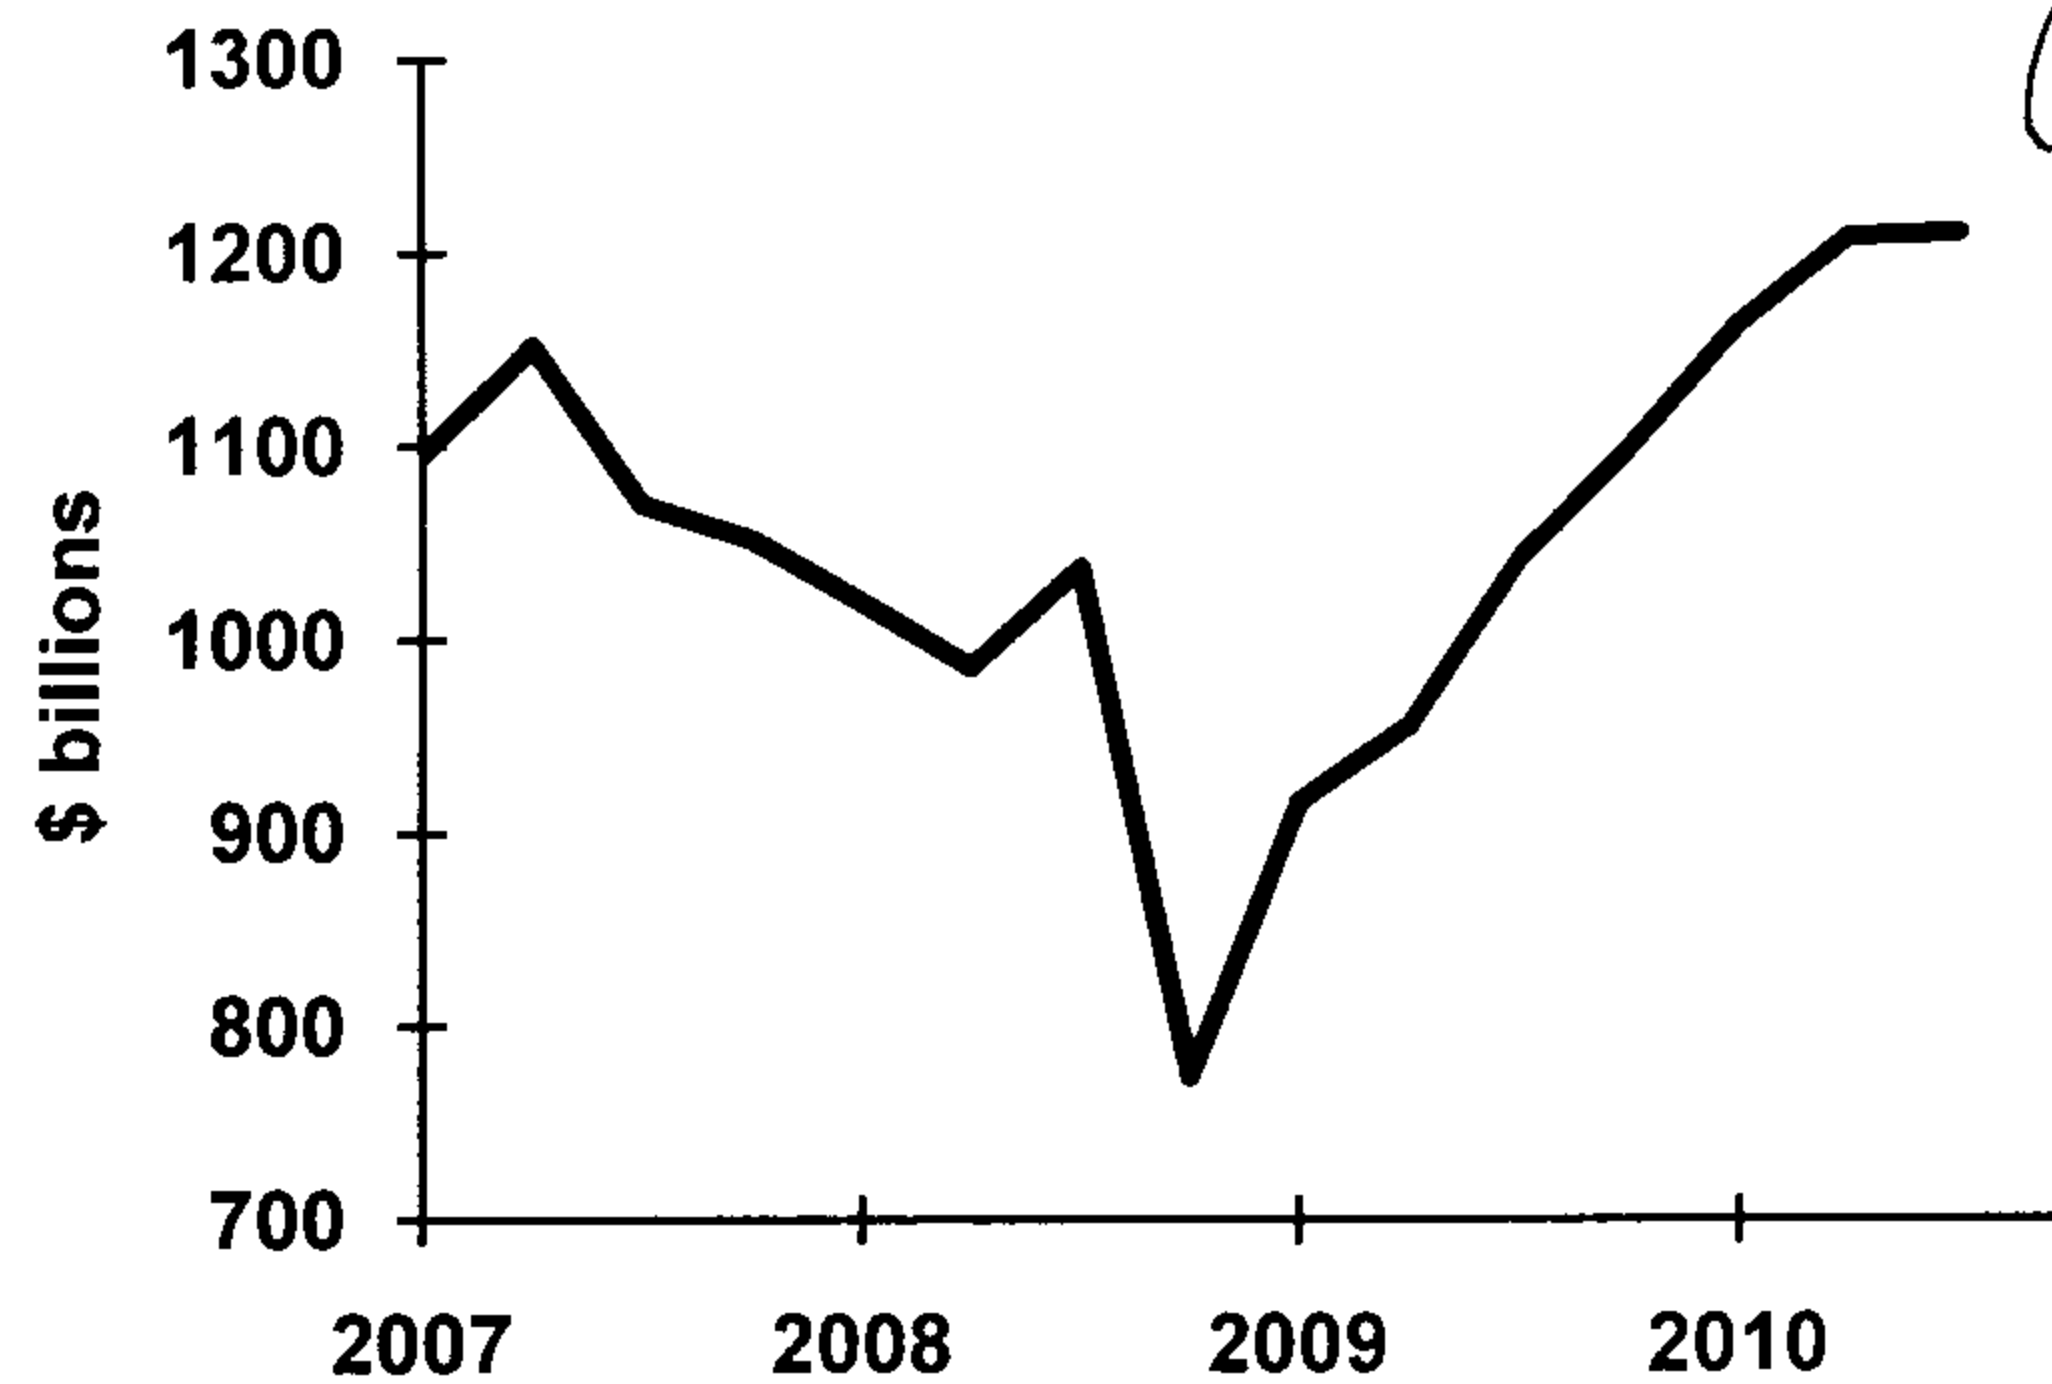

Disposable Income

Consumers have the means to spend more, but they like saving now.

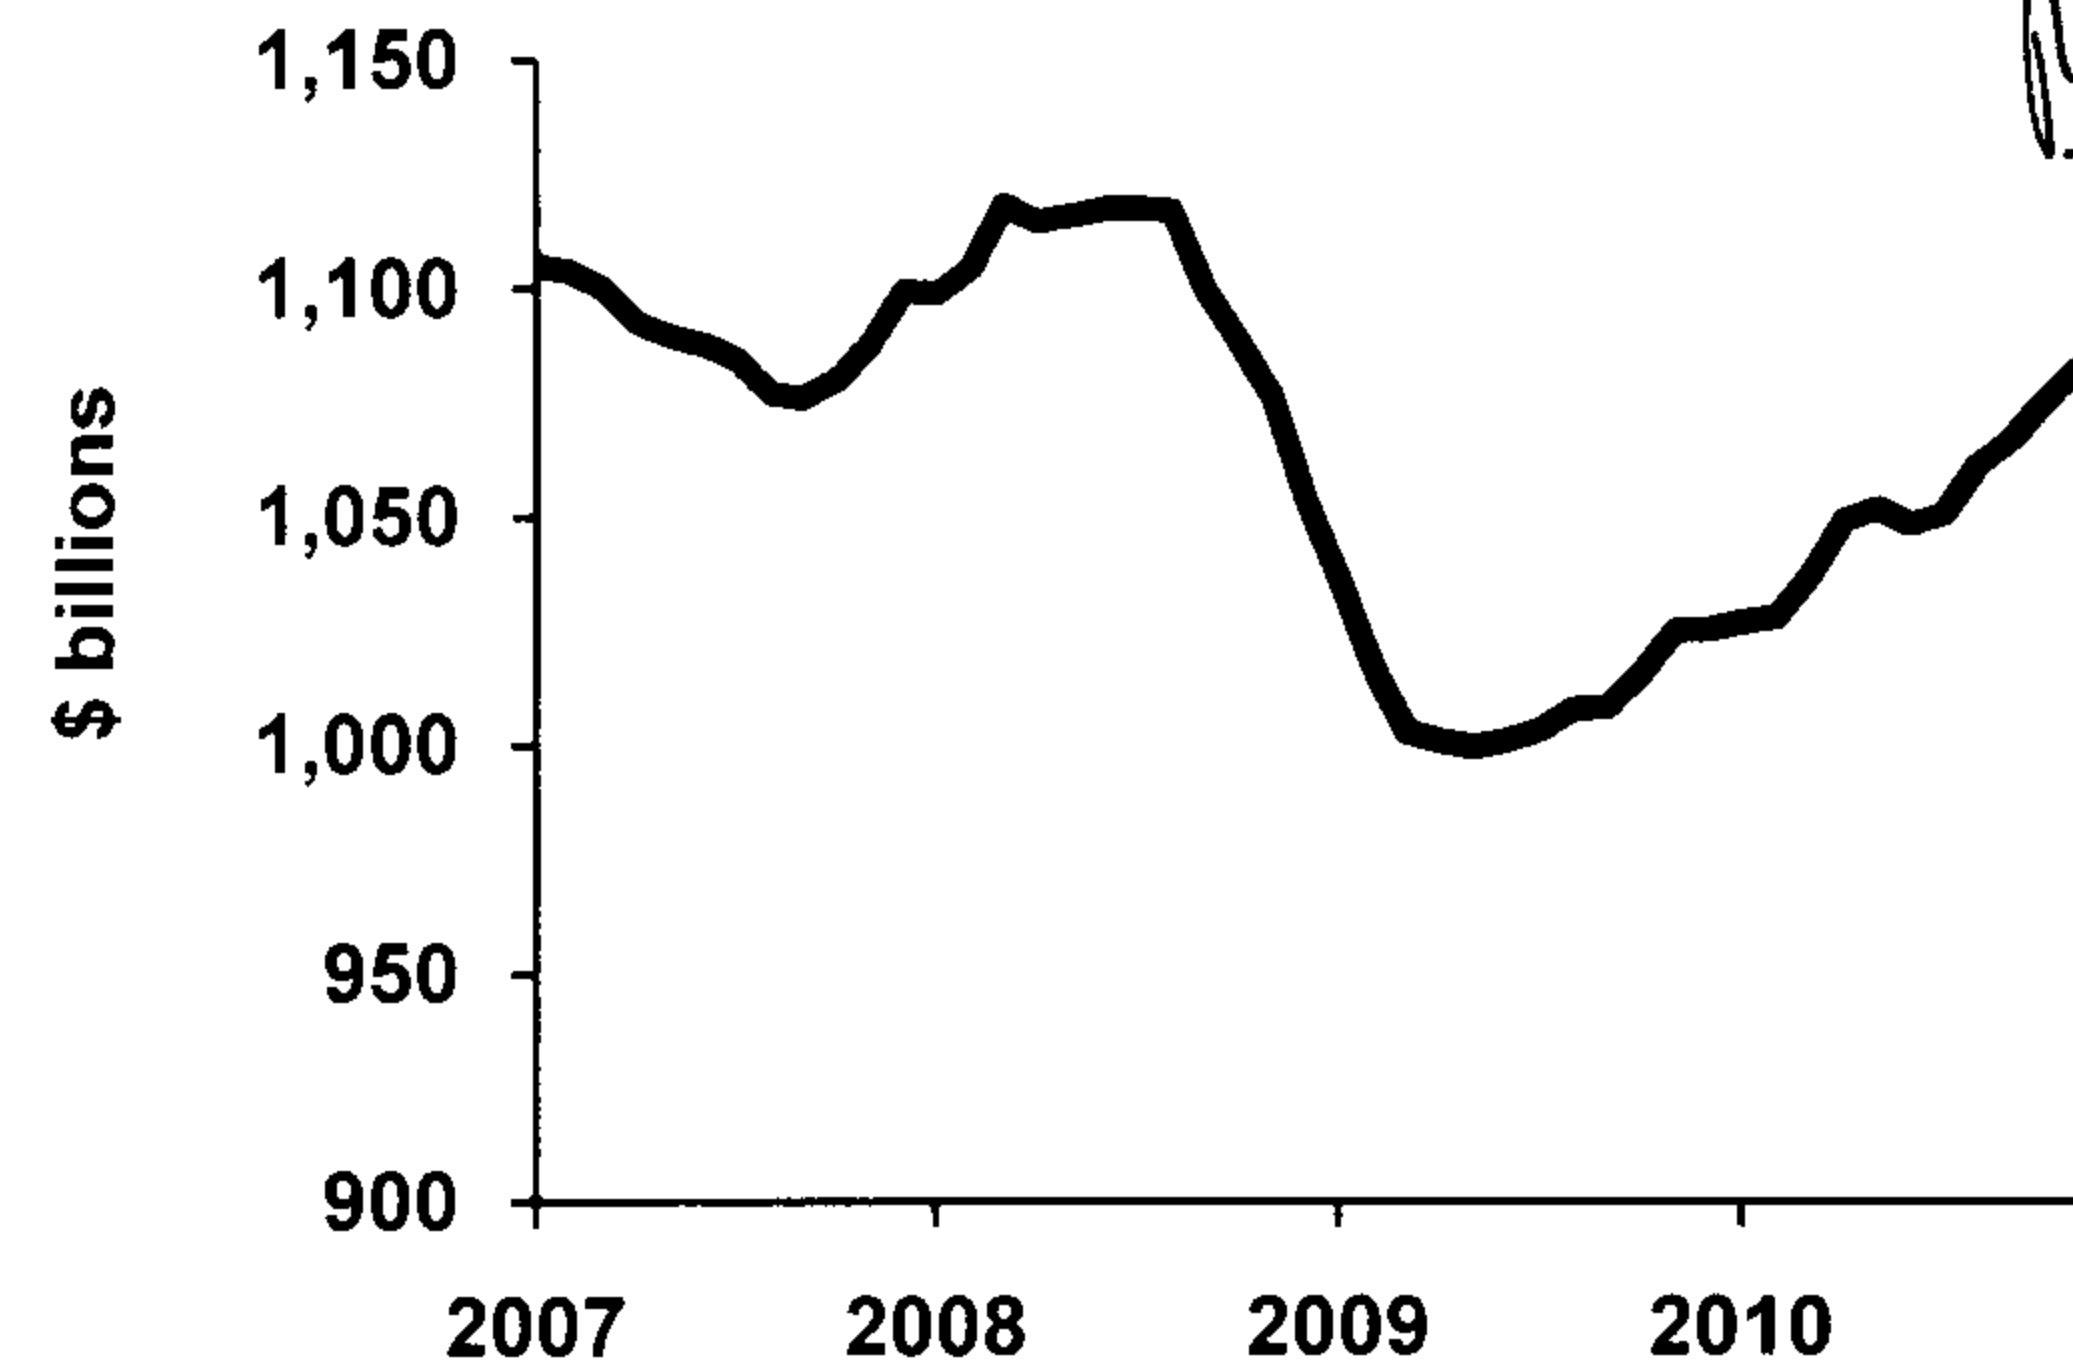

Corporate Profits After-Tax

based on tax data

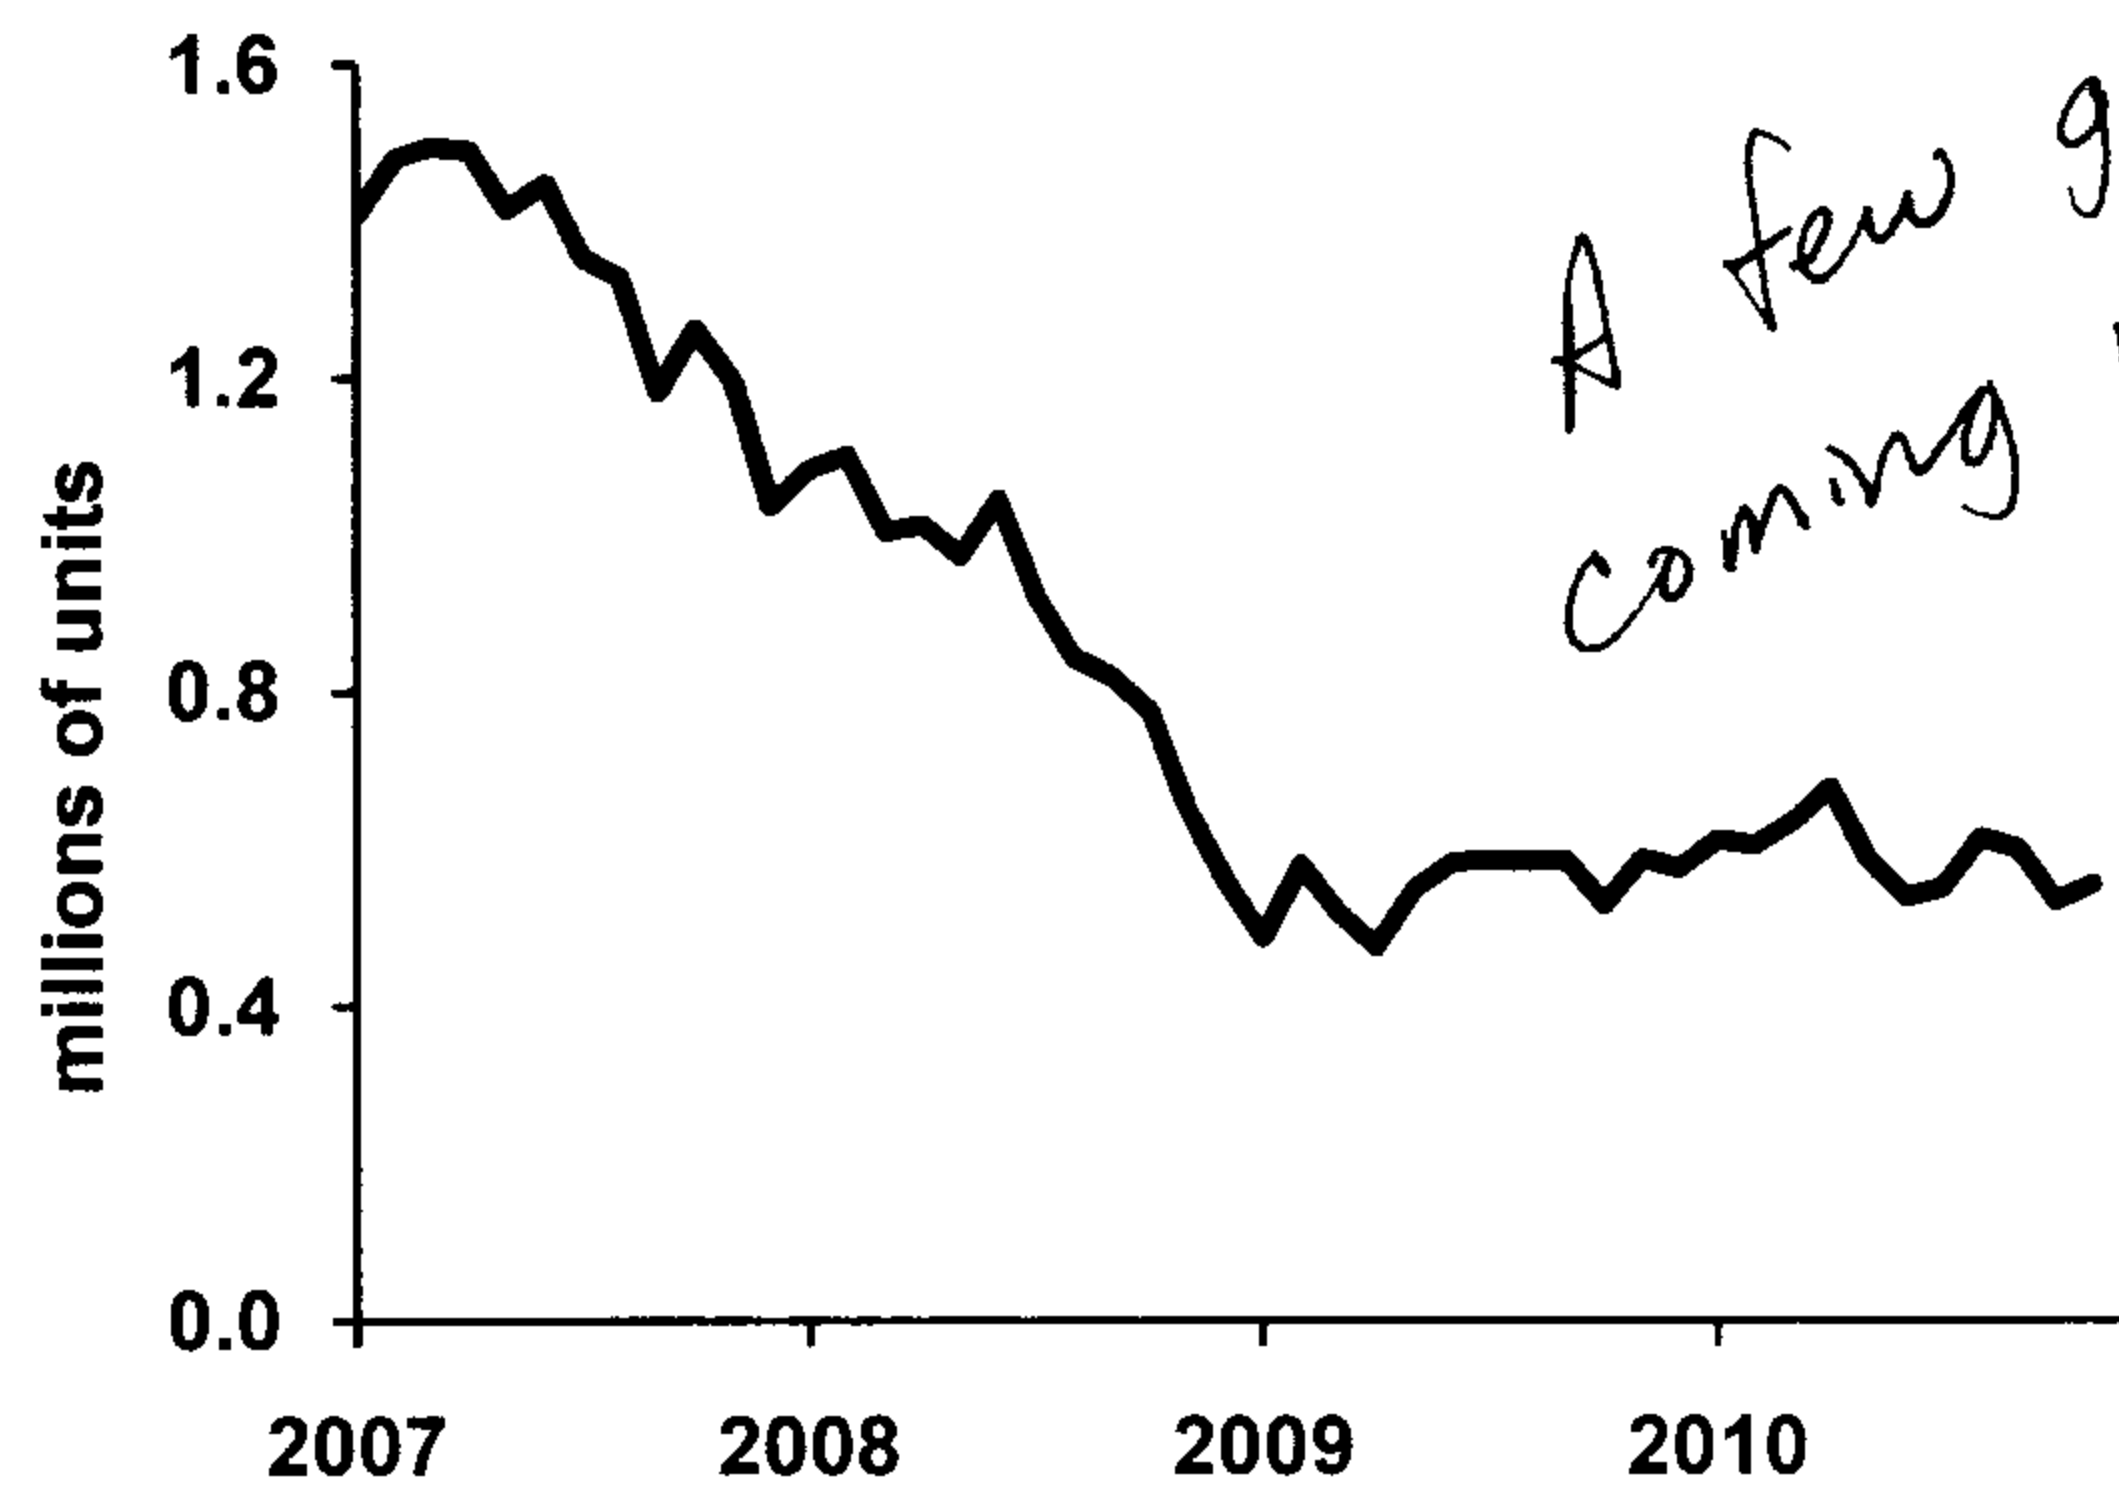

Corporations making money

Proprietors' Income

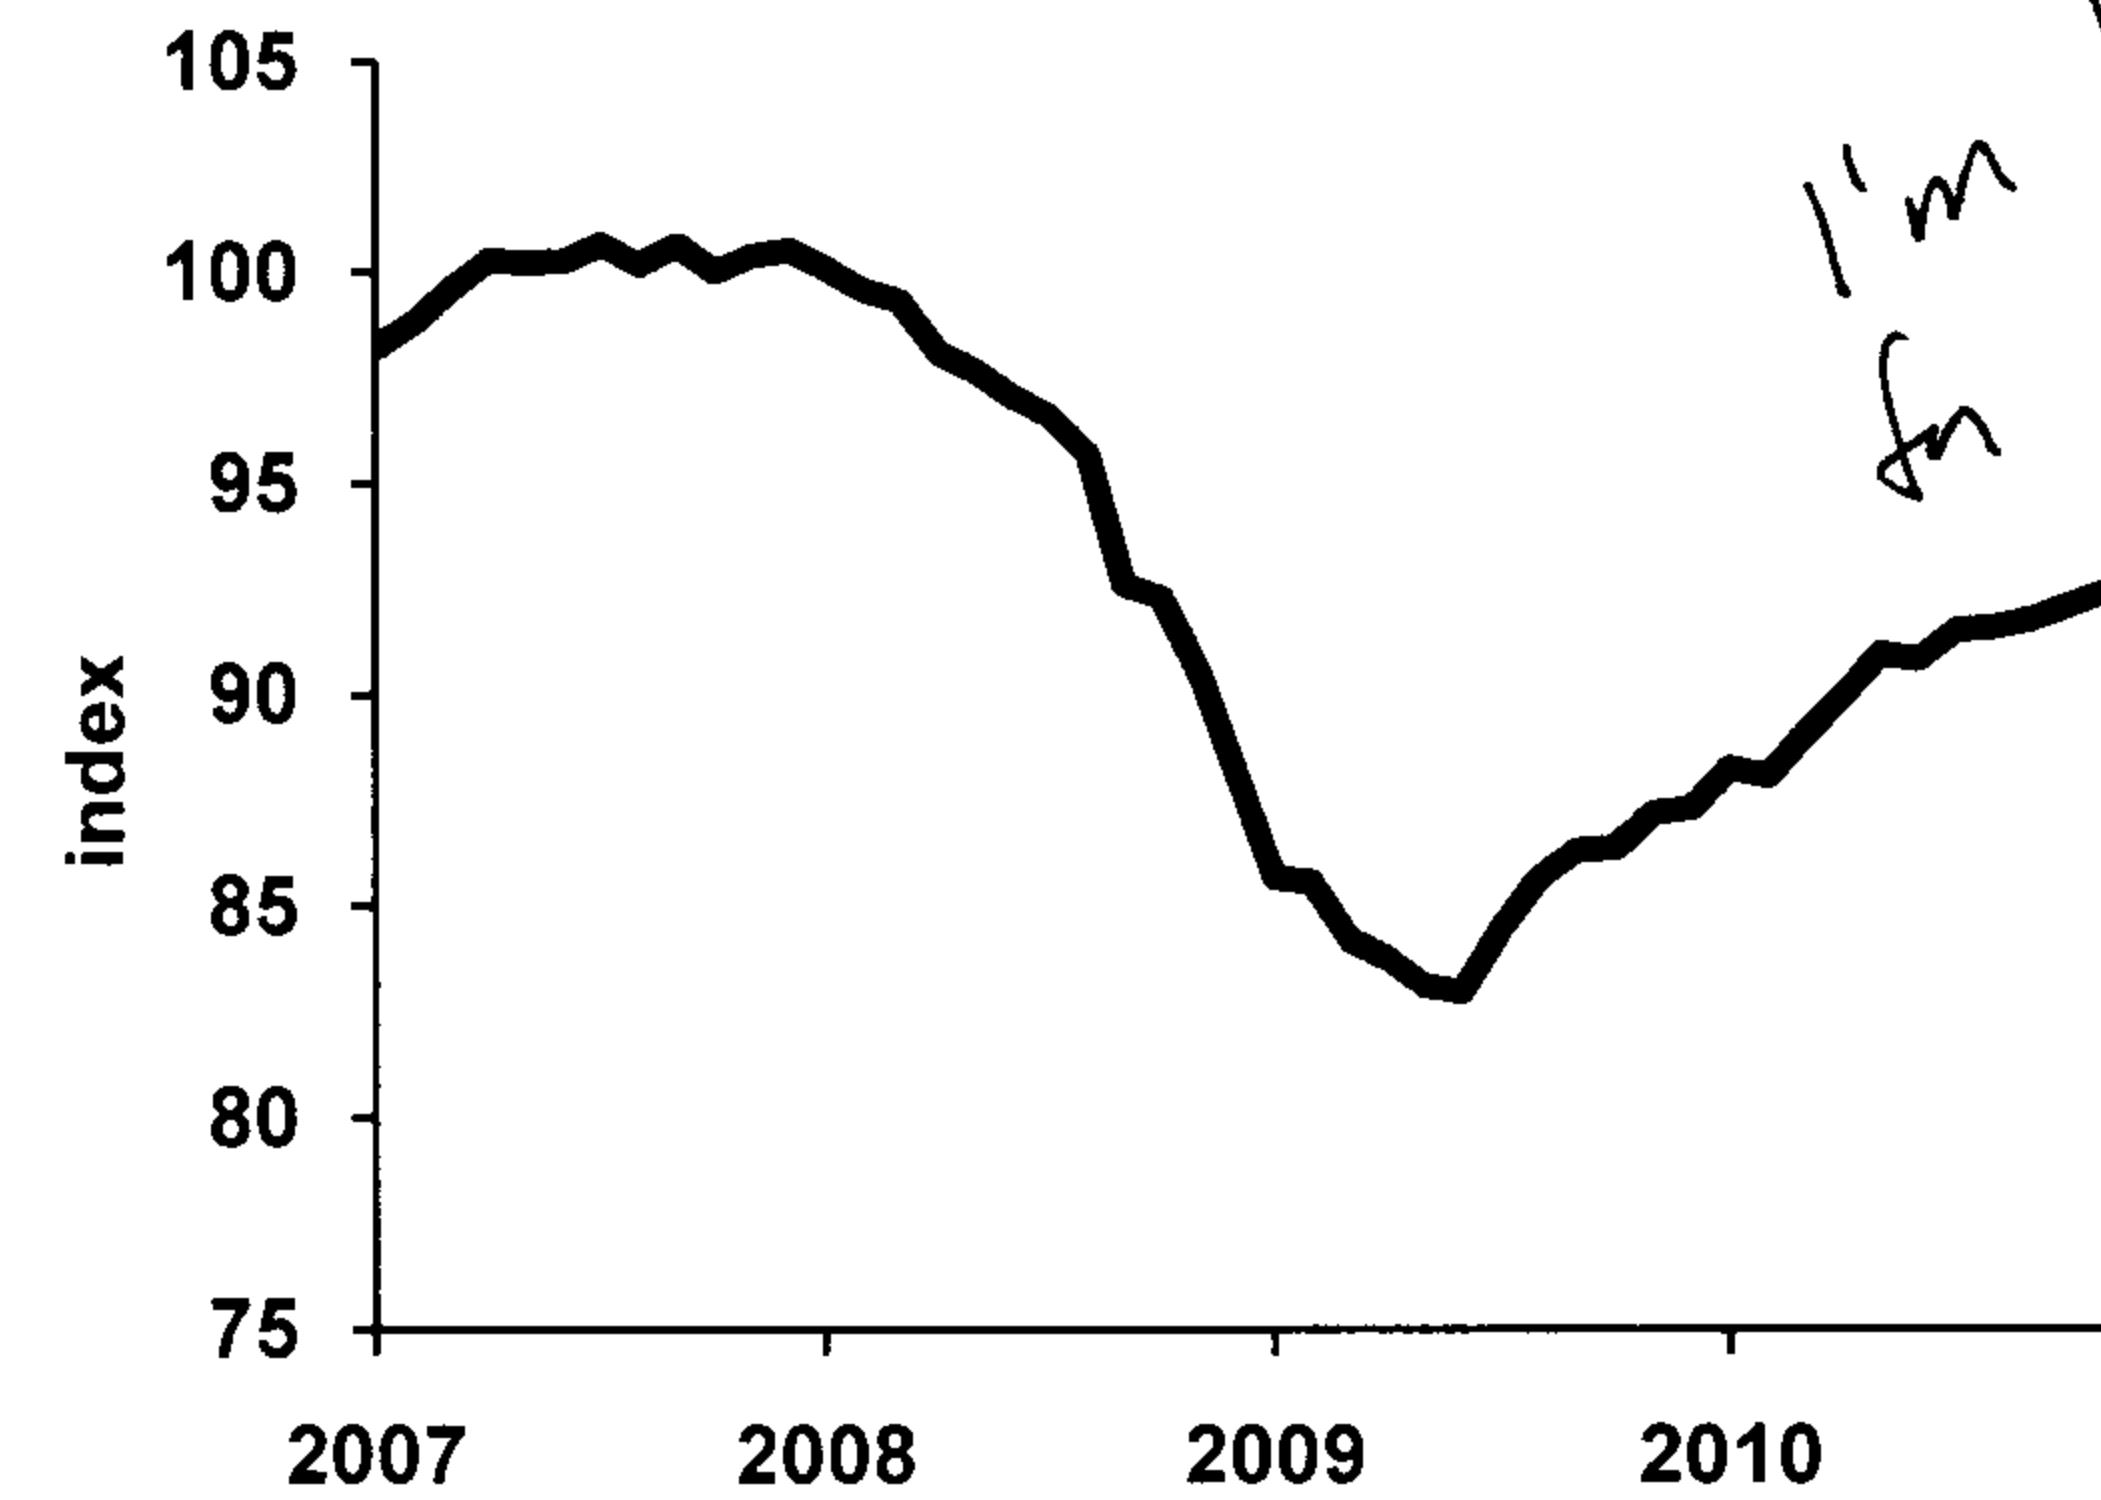

But small business slow to pull out of the doldrums

Housing Starts

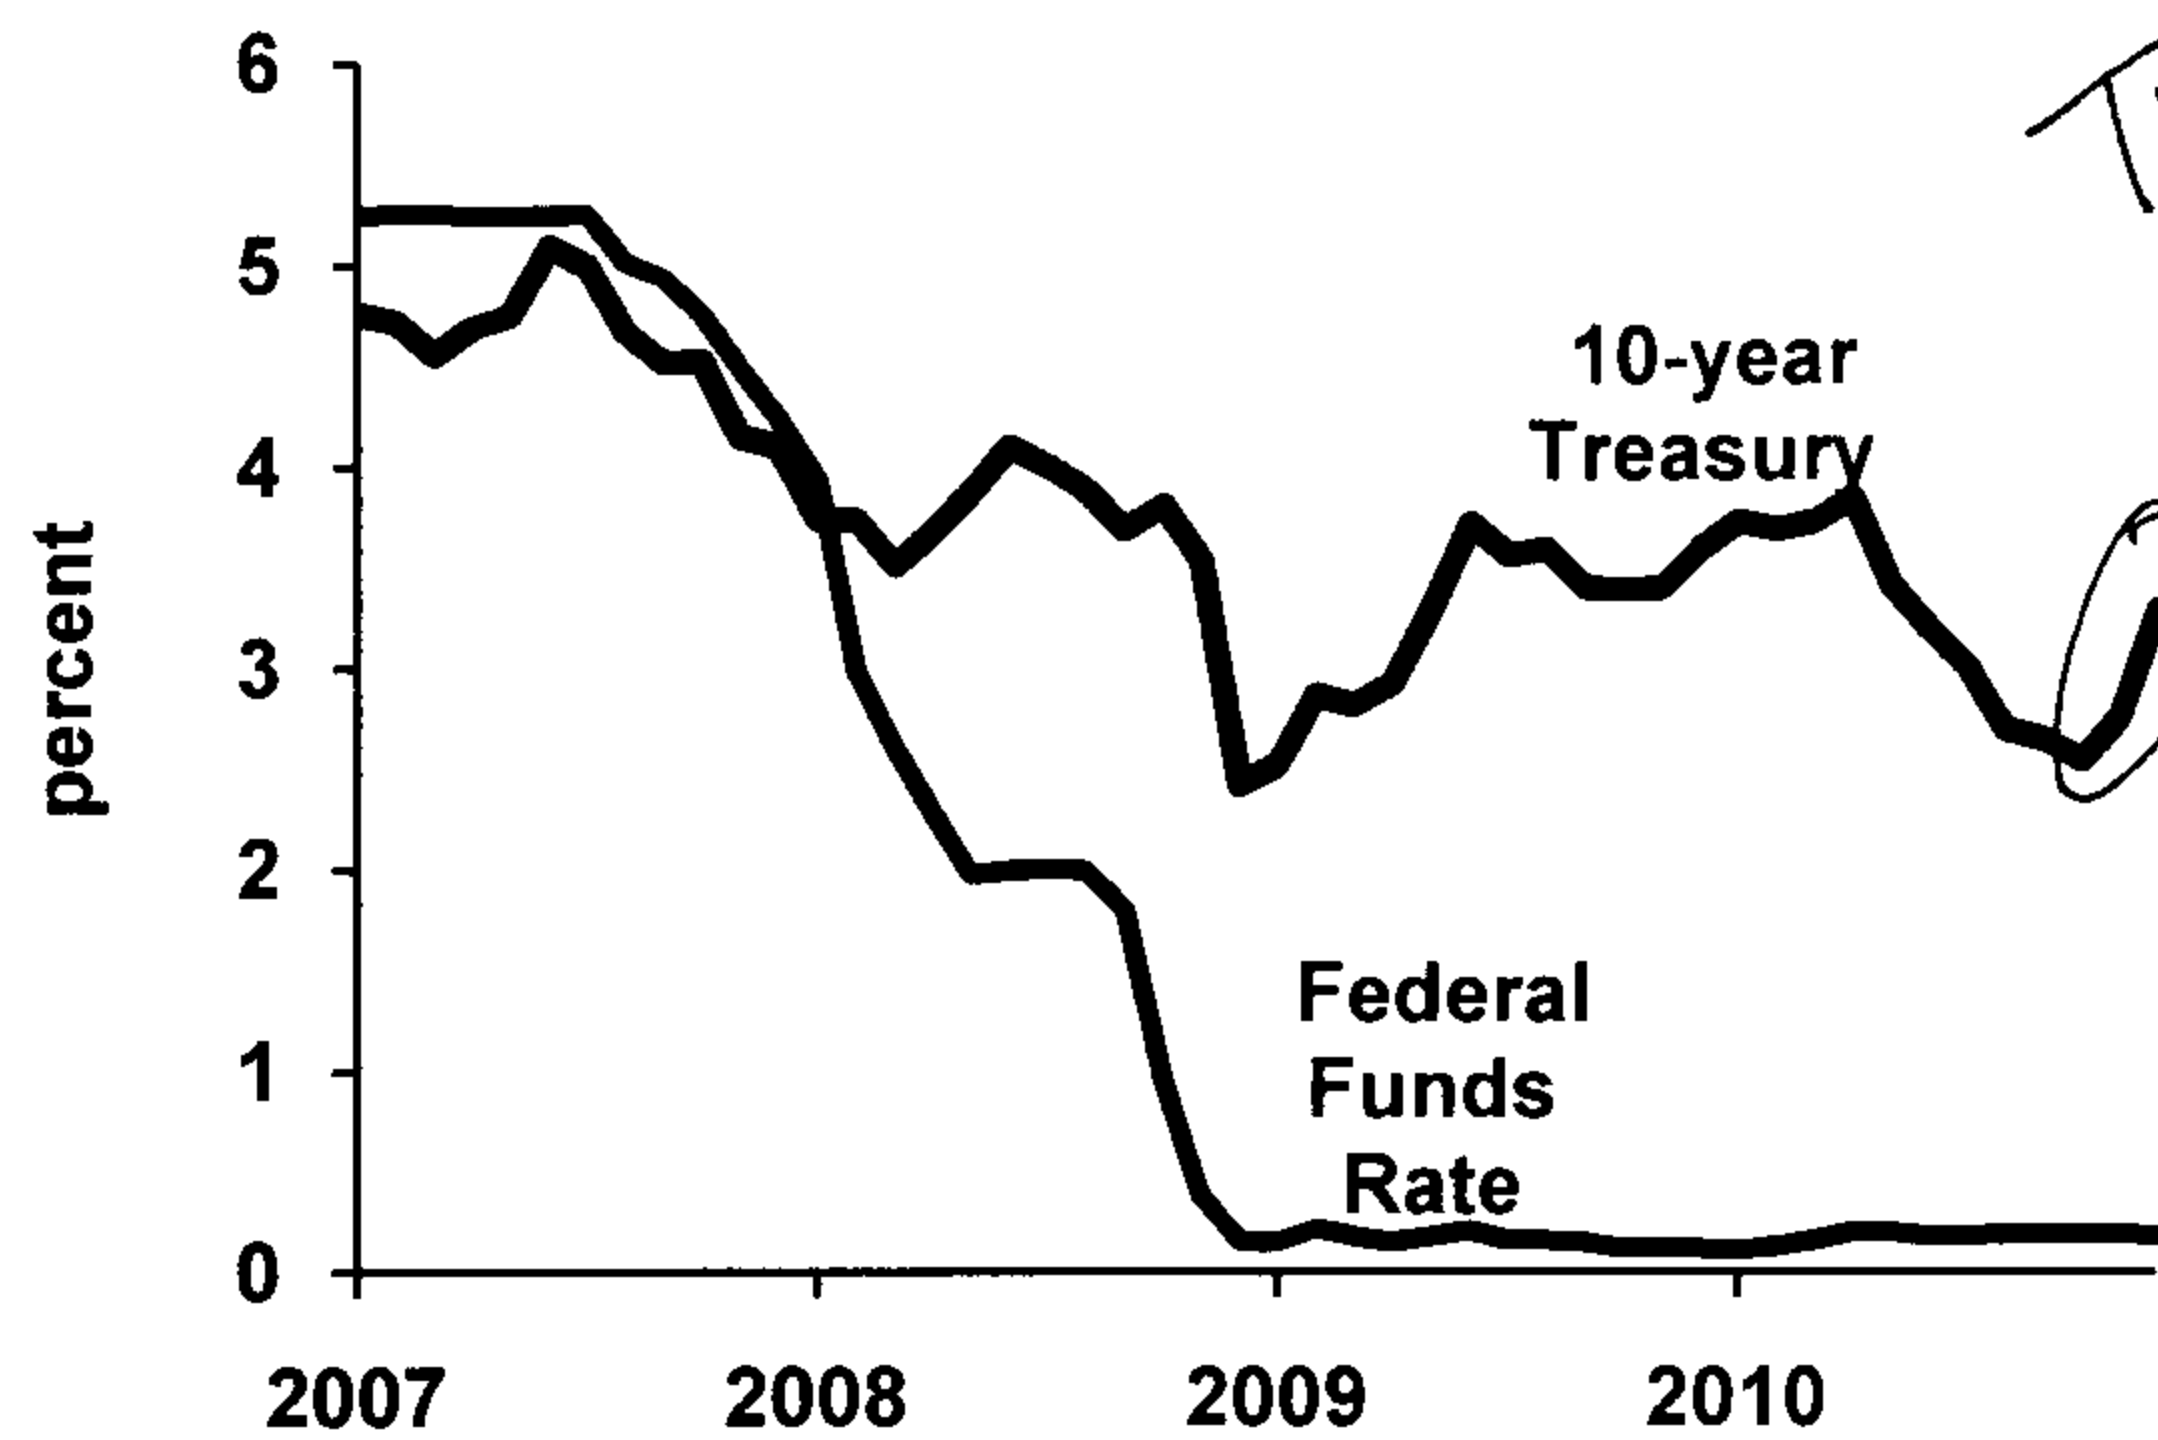

*A few gains coming in apartments*

Manufacturing Production

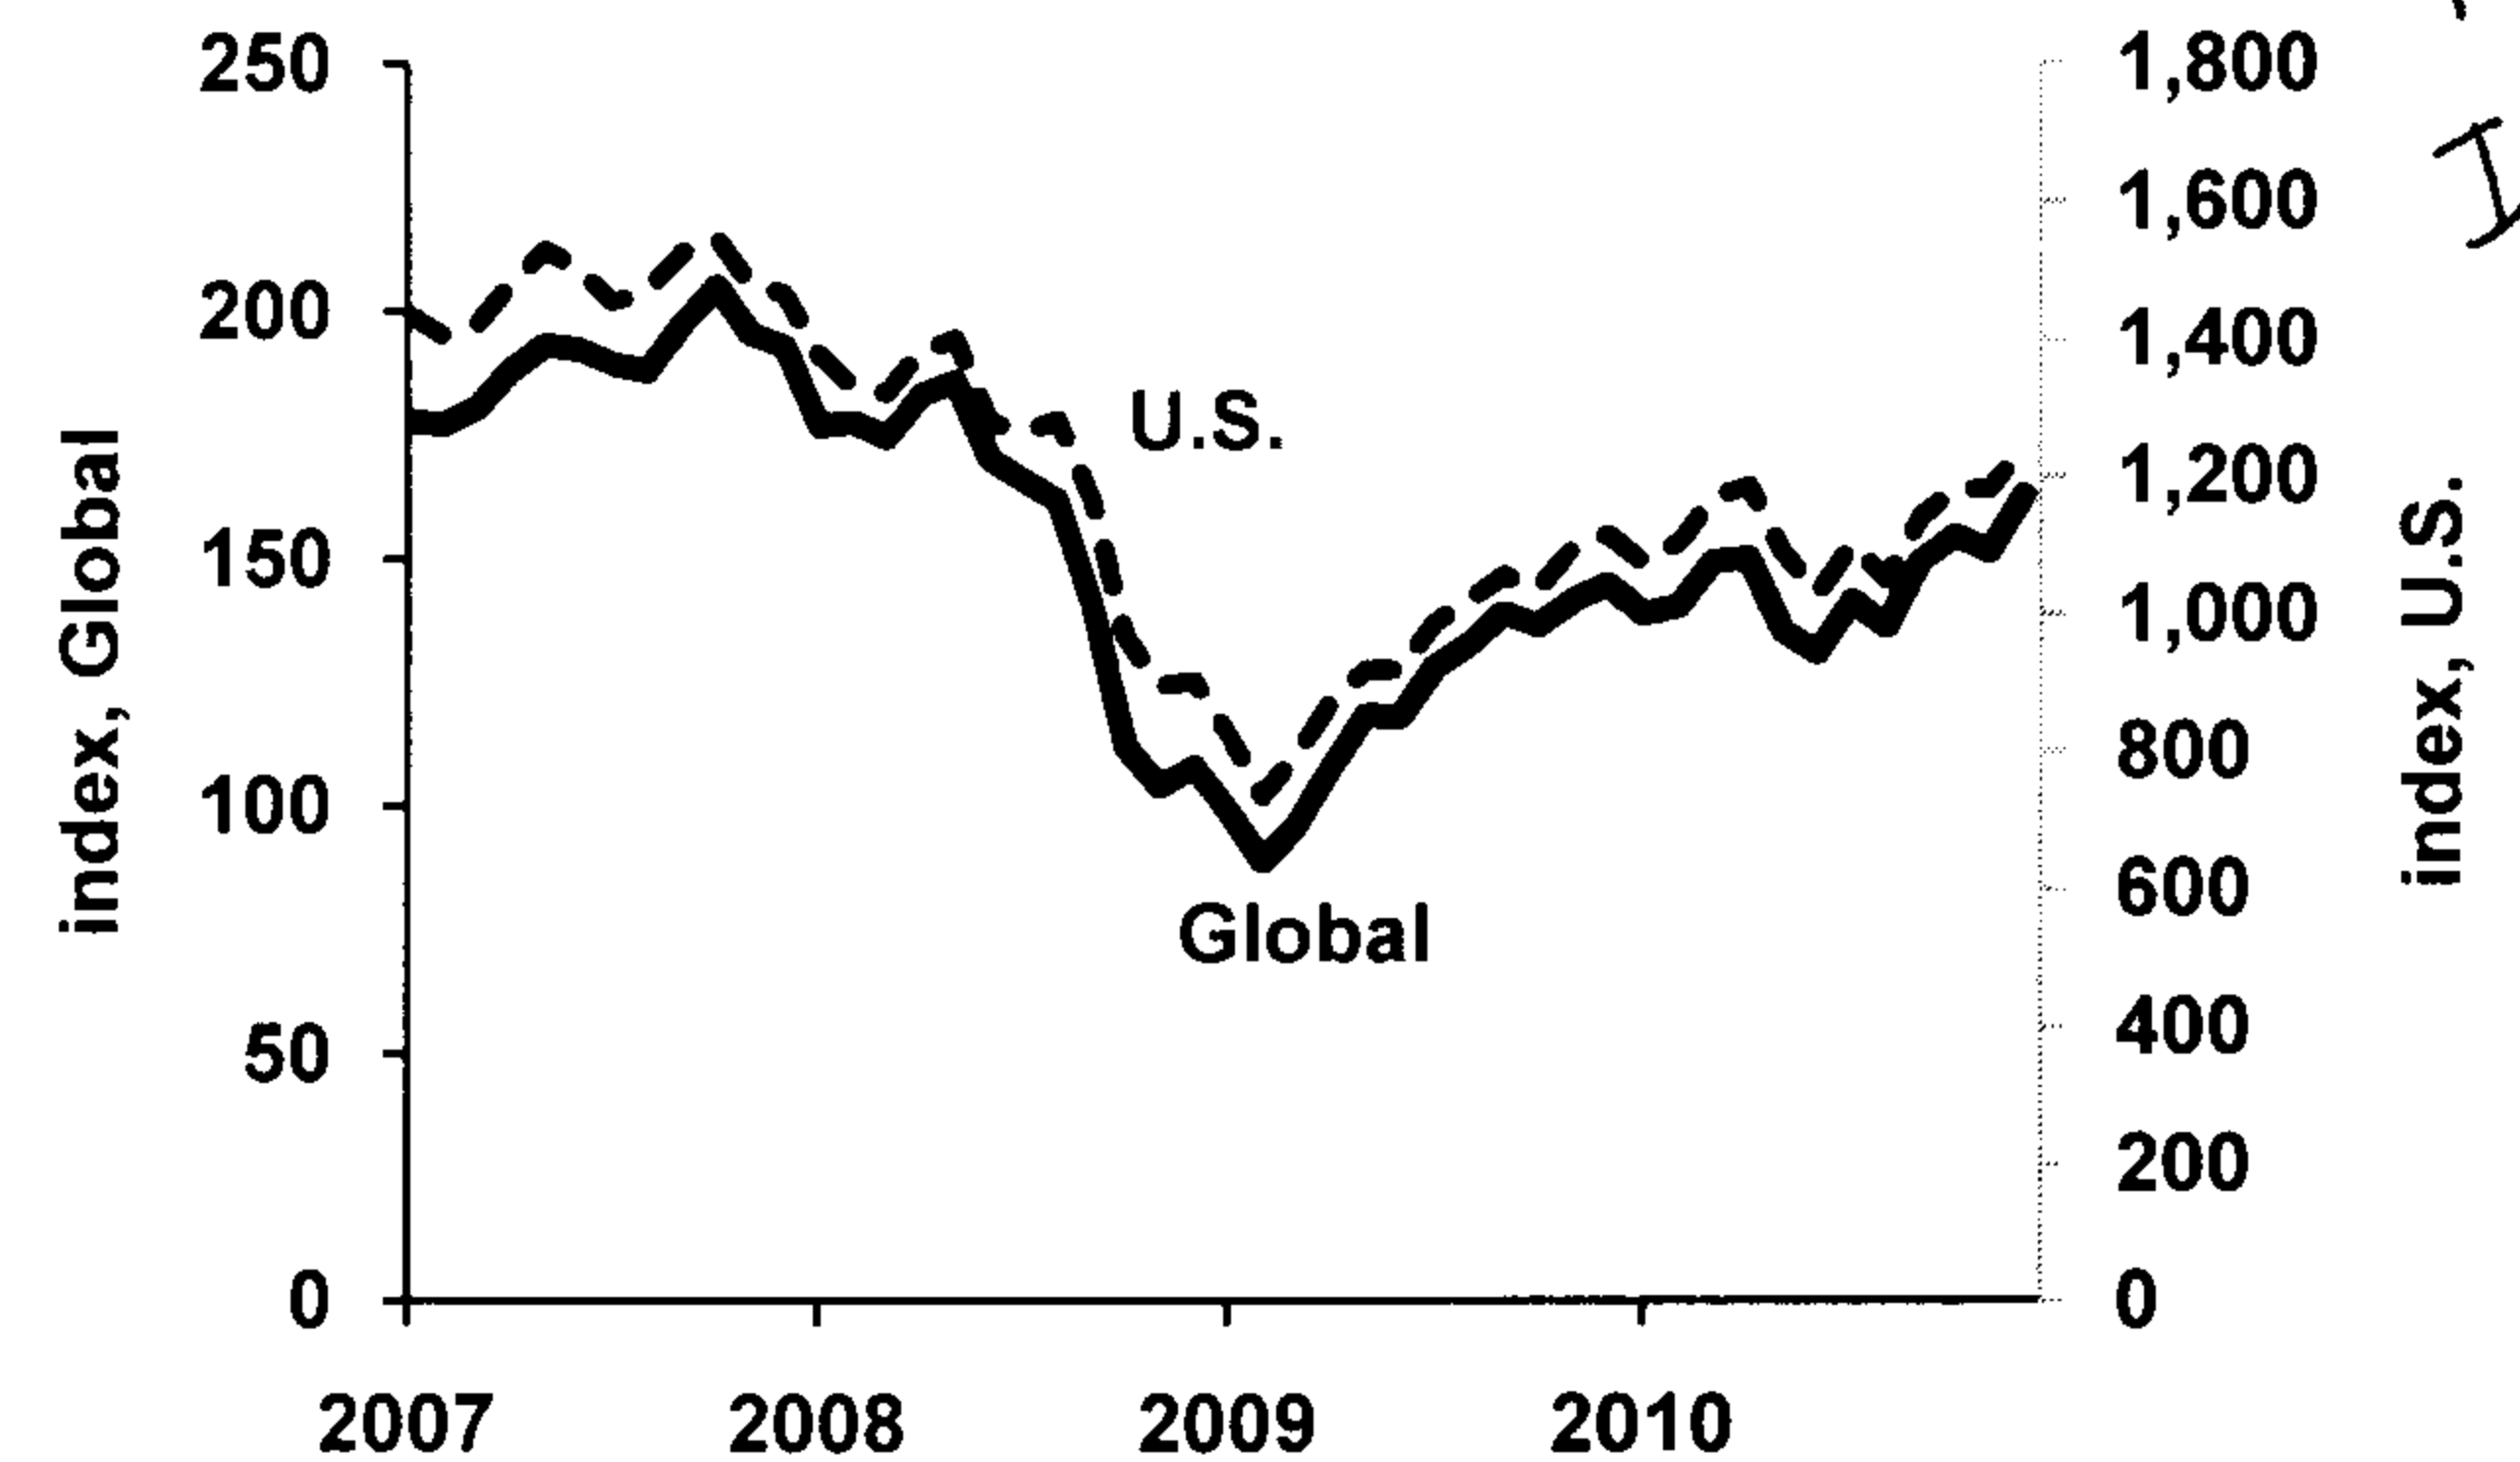

*I'm looking for continued gradual gains.*

Interest Rates

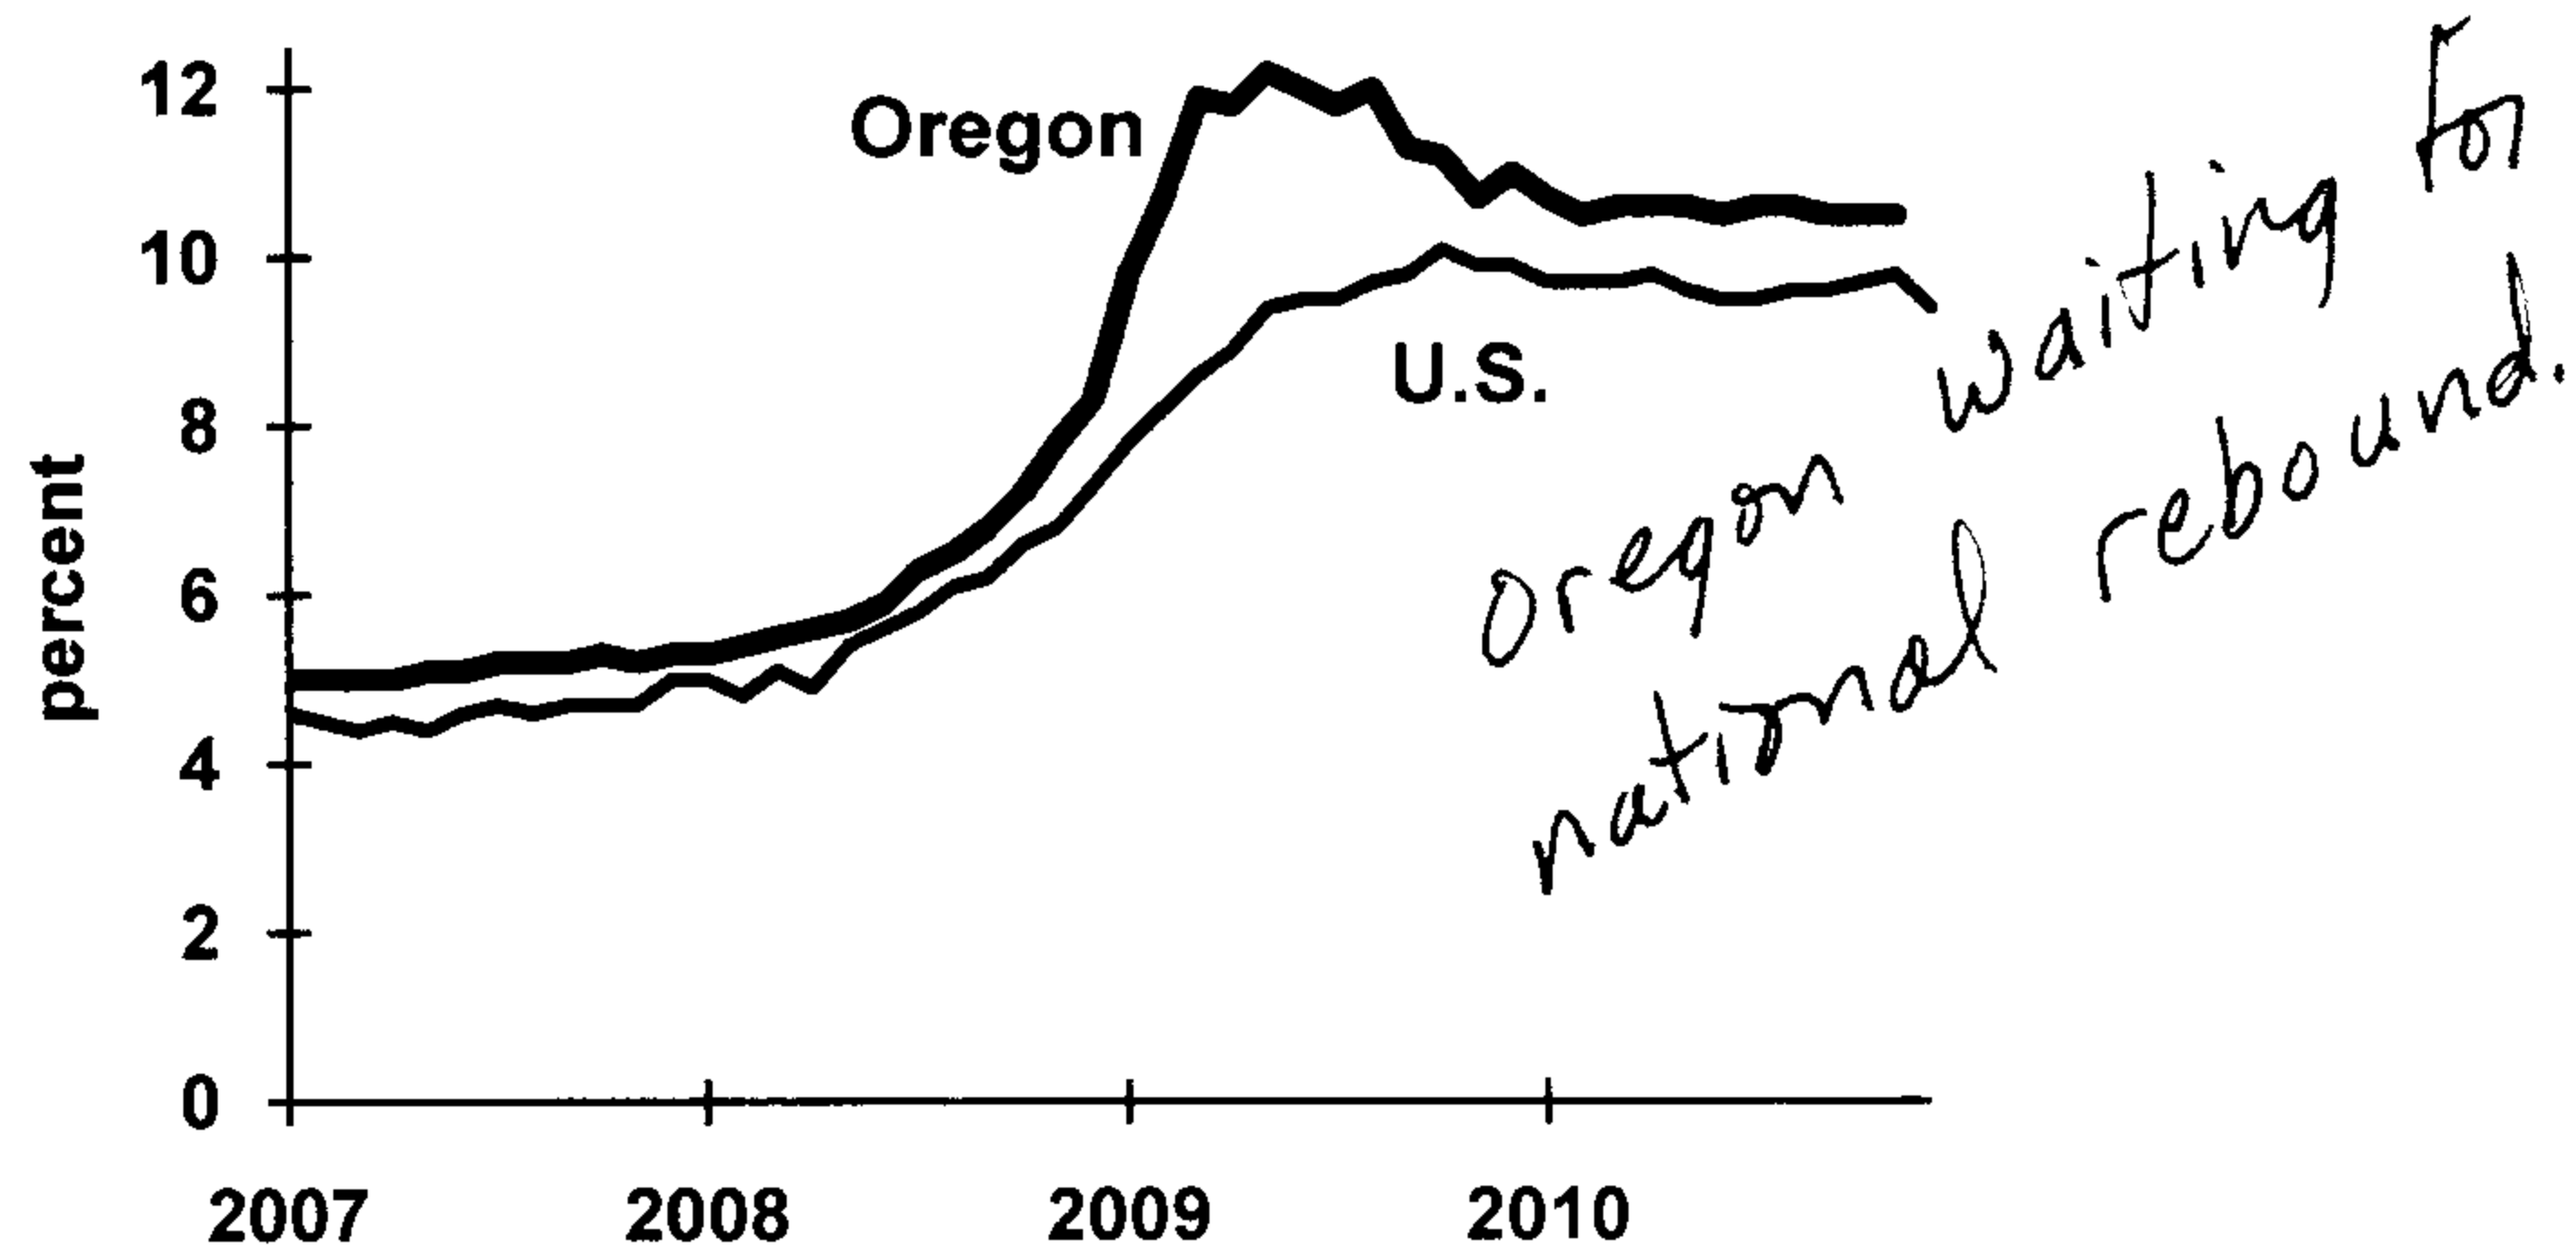

*This run up due to stronger economy, not a threat to economy.*

Stock Market

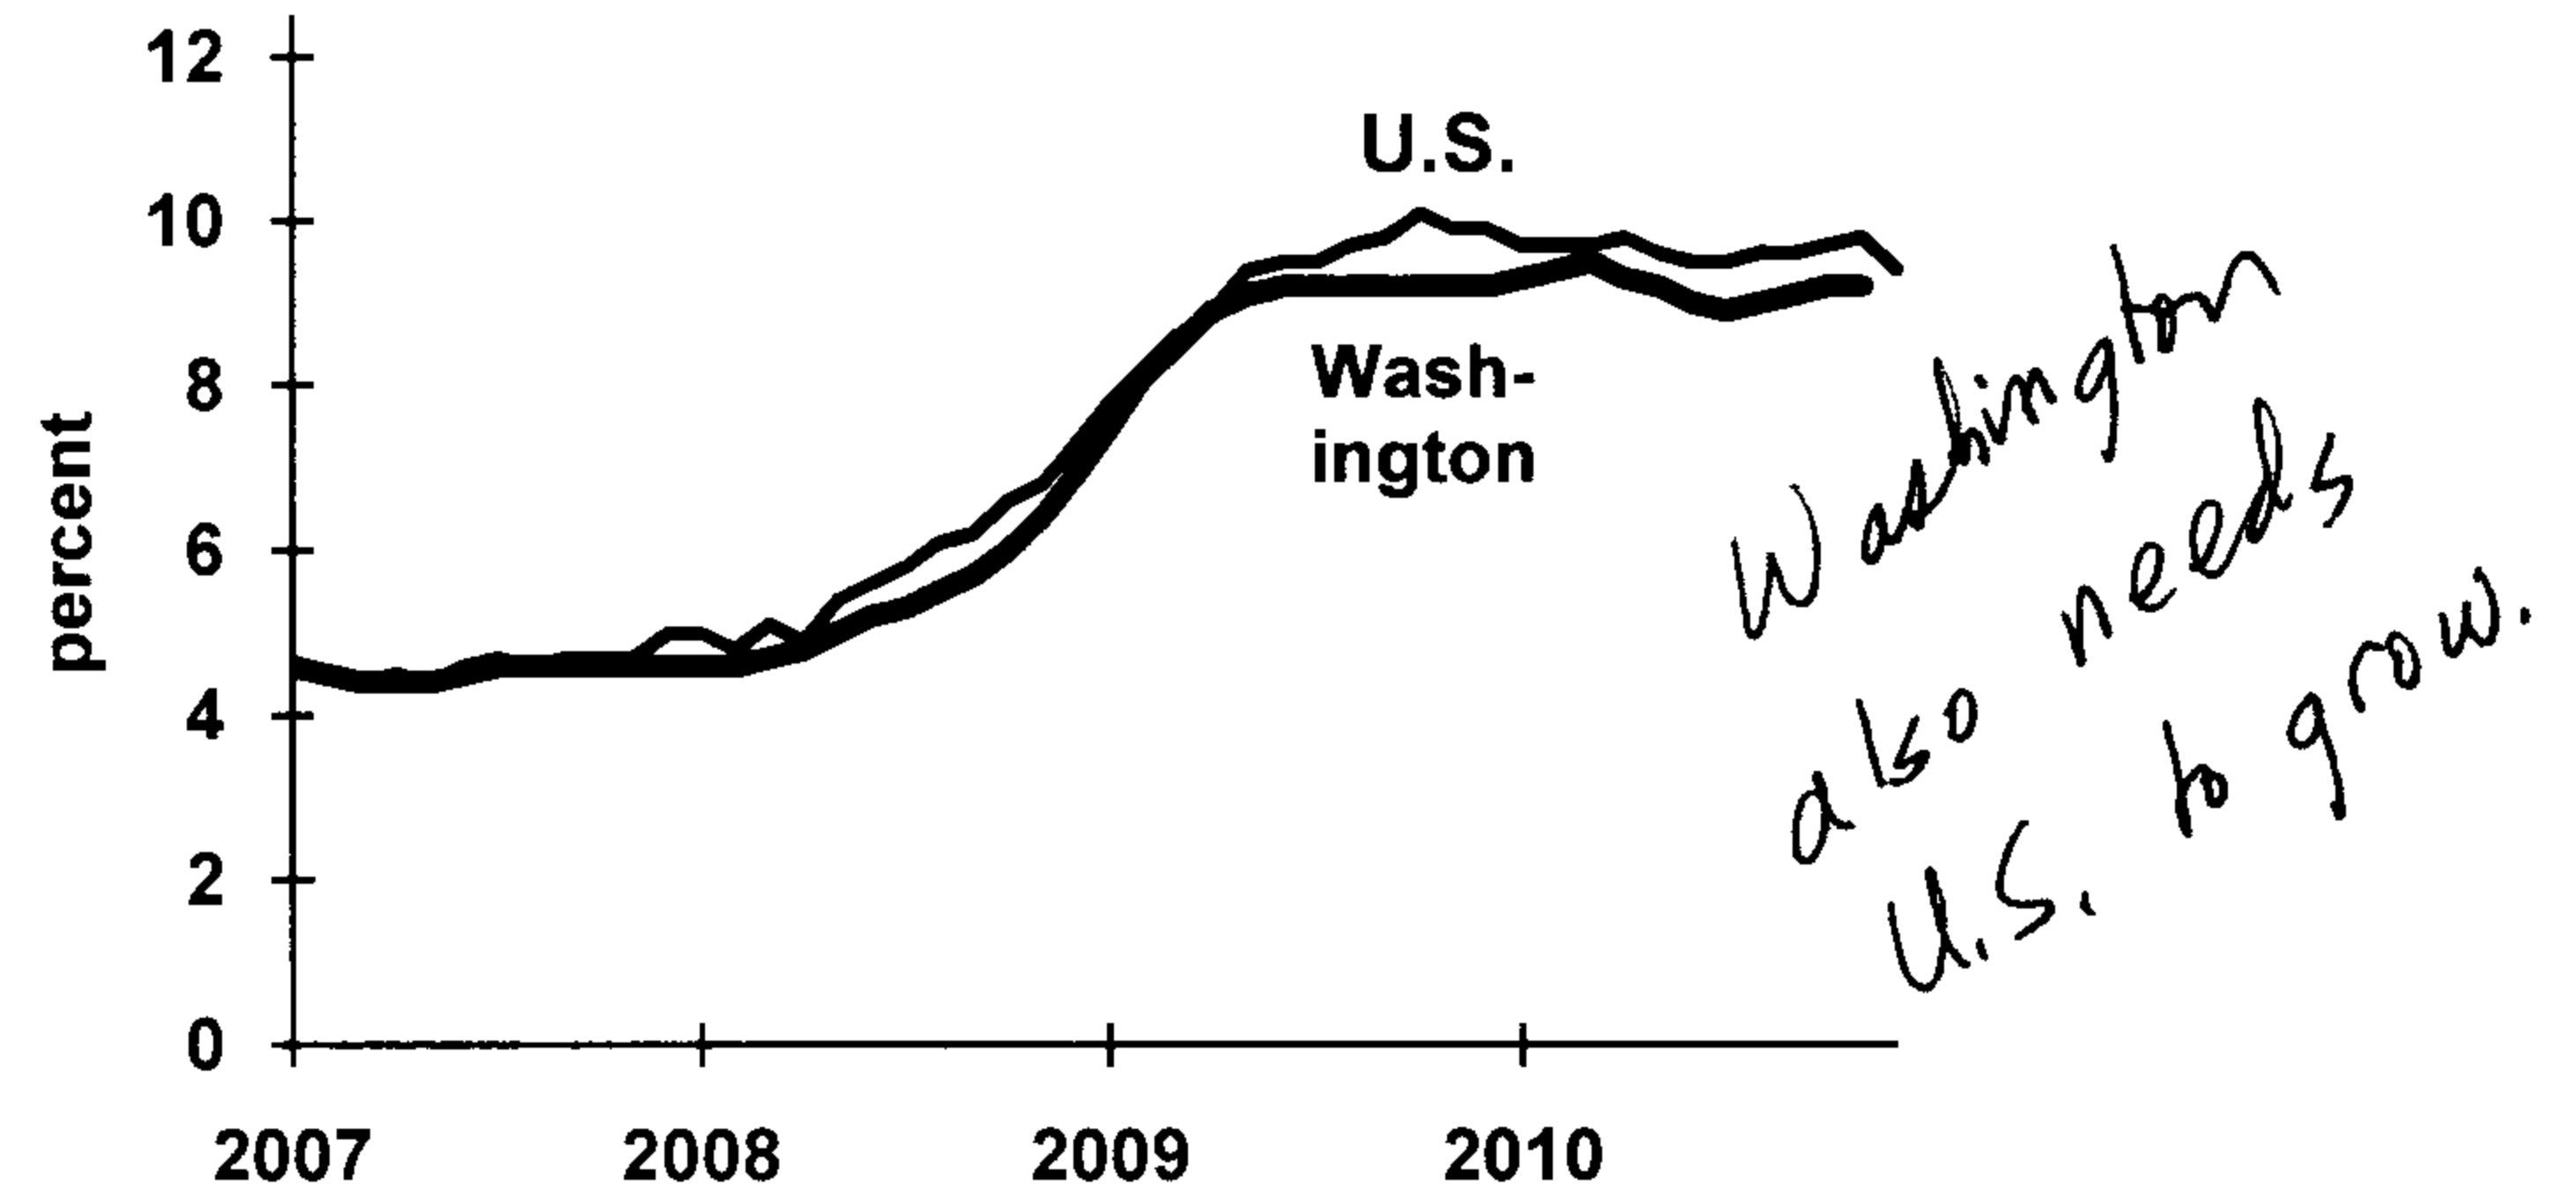

*Small gains in 2011, I think.*
