The Flexible Stance: Thriving in a Boom/Bust Economy

Visualize a baseball game. A fast runner is on first base, looking to steal second. The runner takes a lead, then plants himself in a flexible stance. He’s ready to run in either direction: to second base if he gets a chance to steal, or back to first base if the pitcher tries to pick him off. Using that stance in business is the subject of Dr. Bill Conerly’s latest book, The Flexible Stance: Thriving in a Boom/Bust Economy.

Bill Conerly gives speeches to management teams, trade associations, and customer groups. For fees and availability, call 503-785-3485.
